

Food and Beverage Insights

Our main objective is to **help you** free up time to focus on your research and analysis. We commit to delivering **innovative product** and **service solutions** helping you mitigate against potential business risks and ultimately improve your return on investment.

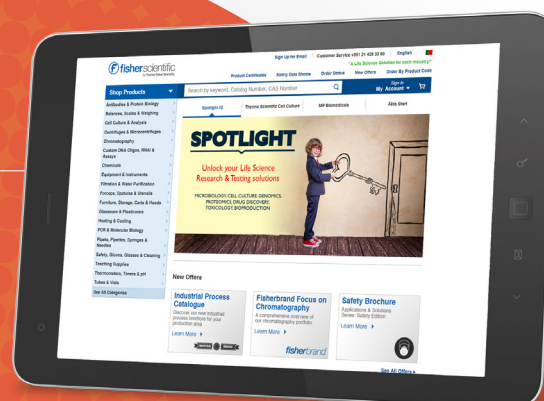

We will help you to ...

- Achieve cost savings
- Improve productivity and efficiencies
- Ensure security of supply and compliance support
- Source premier products from market leaders
- Adopt Fisherbrand Quality. Reliability. Value.
- Access information at your fingertips
- Find the best logistics solutions for you
- Leverage a strong pan-European infrastructure
- Support you in solving your daily lab challenges with our customer service and product support teams

... Enabling customer innovation and productivity

fisherbrand

Fisher Scientific's trusted, well established and proprietary product range, Fisherbrand, is committed to providing **quality products at affordable prices**. Fisherbrand offers a broad selection of laboratory supplies and consumables covering a diverse range of applications such as chromatography, liquid handling, electrophoresis, pH and electrochemistry. It's the smart way to achieve **cost savings** over branded products without having to compromise on **quality**.

In addition to the extensive Fisherbrand range, Fisher Scientific is **your partner of choice for chemicals and bioreagents**. Fisher Chemical and Fisher BioReagents deliver convenience, quality and consistency and are the leading provider of chemicals and bioreagents to many research sectors, such as academia, pharmaceuticals, biotechnology and healthcare.

- Fisher Chemical offers more than 4,000 chemicals of the highest quality, including 'dry' reagents, ready made solutions and high purity solvents. All chemicals are ISO 9001:2008 certified and undergo rigorous quality assurance and testing procedures, ensuring excellent lot-to-lot and bottle-to-bottle consistency. Supported by a clear and simple grade and application structure, choosing the product that best suits your requirements is easy.
- Fisher BioReagents offers over 1,000 products dedicated to molecular biology research, biochemistry and cellular biology. It is your single source for high purity products

Together Fisherbrand, Fisher Chemical and Fisher BioReagents offer reliable and essential laboratory products, helping you to produce your best work each and every day.

A Chemical for Every Experiment

Discover What's Possible

Providing choice and convenience in the laboratory market for more than 100 years, we have the selection of chemical grade you need, for any application.

Our Supplier Partners

thermo

Analysis

Research and Development

Life Science Applications

Production

Sample Collection and Handling

Sampling Devices

- For solids, liquids, gases
- Specialised food sampling devices
- Sterile, disposable and automated systems

Containers

- Glass, plastic, metal, ceramics
- Sample specific containers, sizes and dimensions
- Sterile, aseptic, disposable

Transportation

- Sample carrying cases
- Ice makers and cold boxes
- Data loggers and climatic monitors

Sample Storage

- Fridges and freezers
- Thermometers and labels

Microbiology

Sample Preparation to Identification

- Inoculation
- Identification / staining
- Lab equipment
- Traditional methods and certified methods
- Quick tests
- Rapid screening methods with PCR* tools

Production Testing

Portable Checks and Instruments

- Thermometers, humidity meters
- Volumetric and titrimetric strips
- pH/conductivity/multi-parameters and electrodes
- Buffers and solutions

At-Line methods

- Concentration
- Thickness
- Colour
- Consistency
- Moisture
- Weight

Research and Development

Nutritional Content

- Chromatography and spectrophotometry
- Protein determination
- Fibre
- Purity analysis

Physical and Optical Parameters

- Rheological measurements
- Melting and dropping point
- Microscopy
- Density meters

Food Specific Tests

- Shelf life
- Active water
- Stability testing
- Processability
- Sulfur determination

Food Life Sciences

- Sequencing
- Cell biology
- Cryopreservation

Safety

Production Safety

- Hand protection from chemicals, thermal extremes, abrasive and cutting instruments
- Eye protection
- Boots, hair and personal coveralls
- Full body suits for cleaning and maintenance activities
- High visibility items
- Respiratory protection
- Hearing protection
- Spill kits
- Chemical storage
- Gas monitoring
- Anti-slip

Laboratory Safety

- General laboratory PPE including gloves, glasses and coats
- Respiratory protection
- Spill kits
- Gas monitoring
- Fume hoods and biological safety cabinets
- Chemical storage

Our European Field Safety Consultants

- Select the appropriate products for your identified hazards
- Ensure correct use and maintenance
- Know your people are safe

Laboratory Testing

Chemical Parameters

- Acidity and titration methods
- N2 and protein
- Fibre
- Water
- Fat content
- Calcium & potassium
- Pesticides
- Trace metals

Physical Parameters

- Viscosity and rheological measurement
- Particle size
- Colour
- Density and hardness

Optical Parameters

- Brix, Baume, Salinity
- Purity
- Spectrometry

Labware, Chemicals and Consumables

- Solvents, reagents, standards
- Glassware, plasticware
- Tubing, connectors

Laboratory Equipment

- Lab essentials
- Analytical equipment

Laboratory Furniture and Fixed Equipment

- Benches and workstations
- Fume hoods
- Laminar flows and biological safety cabinets
- Fridges and freezers
- Cleaning and biohazard management

Electro-Chemistry

Benchtop and portable

Product type	Choice and Convenience	Fisherbrand
Portable meters (pH, conductivity, DO)	Thermo Scientific / WTW / Mettler Toledo	
Combination meters	Thermo Scientific / WTW / Mettler Toledo	
High-protein electrode	Thermo Scientific / WTW / Mettler Toledo	
Viscous liquid electrodes	Thermo Scientific / SI Analytics / Mettler Toledo	Fisherbrand
Solids electrodes	Thermo Scientific / Mettler Toledo	
Cleaning agents	Thermo Scientific / Mettler Toledo	
Buffers and solutions	Thermo Scientific / Reagecon / SI Analytics	Fisher Chemical

Rapid tests

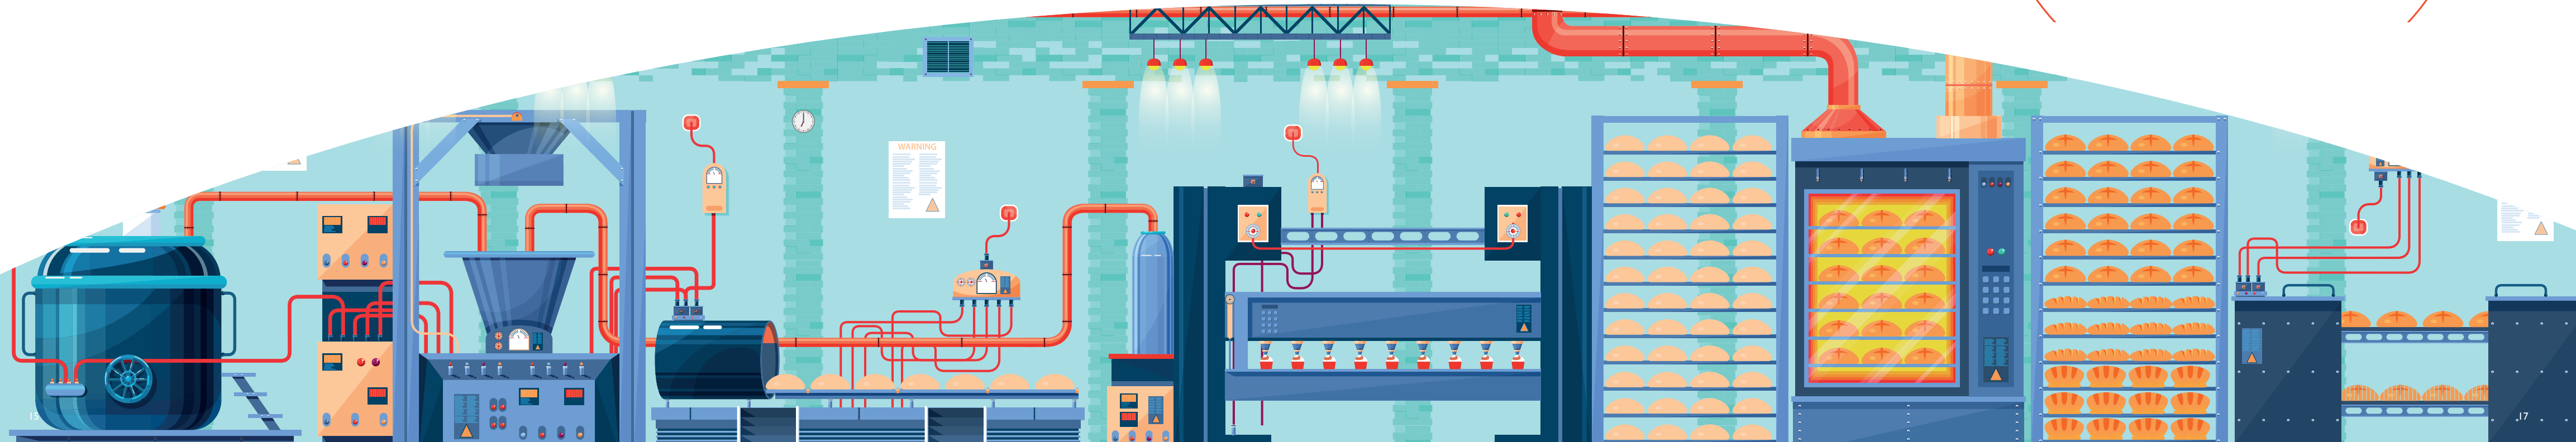

Product type	Choice and Convenience	Fisherbrand
pH test strips	Macherey Nagel	Fisherbrand
Colorimetric and titrimetric test strips and kits	GE Healthcare Whatman / WTW / Lovibond / Macherey Nagel / Alfa Aesar	

At-Line

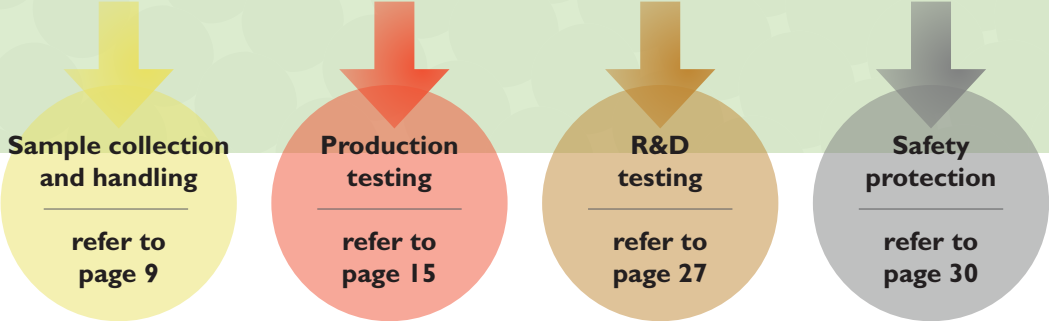

Material characterisation

Product type	Choice and Convenience	Fisherbrand
Optimal HH refractometers	Bellingham & Stanley / Atago	
Digital HH refractometers	Bellingham & Stanley / Atago	
At-line refractometers	Bellingham & Stanley	
HH density meters	Mettler Toledo / Atago	
At-line density	Mettler Toledo / Atago	
Colour	Lovibond	
Consistometers	Kinematica / Endecotts	Fisherbrand
Moisture analysers	Ohaus / Sartorius	Fisherbrand
Balances	Ohaus / Sartorius	Fisherbrand

Products for all typees of sample prepared for many typees of test

Lab Testing - Sample Preparation

Mixing, Homogenising and Grinding

Stage 1. Samples with solid material (including in suspension)

Product type	Choice and Convenience	Fisherbrand
Shakers	Thermo Scientific / Cole Parmer	Fisherbrand
Blenders & homogenizers	Kinematica / Sonics	Fisherbrand
Shaking accessories (stirbars, stirrers)	Cowie	Fisherbrand
Grinders	Retsch	Fisherbrand
Mortar and pestles	Haldenwanger	Fisherbrand
Mils		Fisherbrand

Filtering

Stage 2. Removing particulate matter and separation

Centrifuging

Product type	Choice and Convenience	Fisherbrand
Syringe filters	GE Healthcare Whatman / Millipore	Fisherbrand
Syringeless filters	GE Healthcare Whatman	
Membranes	GE Healthcare Whatman	Fisherbrand
Filter systems	GE Healthcare Whatman / Pyrex / Millipore / Sartorius	
Filter manifolds	GE Healthcare Whatman / Sartorius	
Dessicators	Thermo Scientific	Fisherbrand
Vacuum pumps	Welch IImvac	Fisherbrand
Tubing	Saint Gobain	Fisherbrand
Büchner	Duran/Pyrex	
Rubber sleeves	Saint Gobain	
Filtering flasks	Duran/Pyrex	Fisherbrand

Product type	Choice and Convenience	Fisherbrand
Centrifuges	Thermo Scientific	Fisherbrand
Microtubes	Corning	Fisherbrand
Tubes	Corning	Fisherbrand
Microplates	Corning	Fisherbrand
Racks	Heathrow	Fisherbrand

Weighing

Product type	Choice and Convenience	Fisherbrand
Analytical balances	Ohaus / Sartorius	Fisherbrand
Precision balances	Ohaus / Sartorius	Fisherbrand
Balance accessories (weighing boats, weights)	Scilabware / Heathrow	Fisherbrand

Extracting

Heating

Product type	Choice and Convenience	Fisherbrand
LL Extraction	Velp / Büchi	
Conical separating funnels	Duran/Pyrex	Fisherbrand
Soxhlet extraction	Velp / Büchi	
Ductless fume hoods	Erlab	
SOLA, HyperSep columns	Thermo Scientific	

Product type	Choice and Convenience	Fisherbrand
Ovens	Thermo Scientific / Memmert	
Muffle furnaces	Nabertherm	
Hotplates	Cole Parmer	Fisherbrand

Stage 3 Essential preparation equipment

Heating and Cooling

Product type	Choice and Convenience	Fisherbrand
Cryobaths/ chillers	Huber / Julabo / Thermo Scientific	Fisherbrand
Baths	Huber / Julabo / Thermo Scientific	Fisherbrand
Thermostatic baths	Huber / Julabo / Thermo Scientific	Fisherbrand
Climate chambers	Memmert / Binder	

Liquid Handling

Product type	Choice and Convenience	Fisherbrand
Bulb pipettes	Thermo Scientific	Fisherbrand
Micropipettes and tips	Thermo Scientific	Fisherbrand
Pipette fillers/controllers	Bel-Art	Fisherbrand
Bottle tops	Duran	Fisherbrand
Peristaltic pumps	Thermo Scientific	Fisherbrand

Industry leading testing equipment with unrivalled expertise under one roof

asecos[®]

"Today flammables are used in most laboratories and industrial environments. Storing these materials improperly poses great risk for people and property."

The solution is the type 90 safety storage cabinet by Asecos.
This is the perfect choice.

It guarantees maximum safety while minimising the risk of fire with stored flammable materials as well as protecting the contents of the cabinet in the event of fire.
