Simulation chambers

Incubators	ULT Freezers	Climate chambers		Battery test chambers	Drying & heating chambers

		Constant climate	Dynamic climate		

Application areas

Incubators	ULT Freezers	Constant climate	Dynamic climate	Battery test chambers	Drying & heating chambers
• Microbiology • Plant Biology • Cell and tissue culture • Drug Discovery & Developement	• Ultra low temperature sample storage • Long-term storage	• Stability testing • Stress testing • Material testing • Photostability testing	• Material testing • Battery testing	• Aging tests • Performance test • Stress tests	• Conditioning • Drying • Tempering • Material testing

Industries

Incubators	ULT Freezers	Constant climate	Dynamic climate	Battery test chambers	Drying & heating chambers
• Research & Science • Pharma • Biotechnology • Food & Beverage • Cosmetics	• Biobanks • Heath care • Pharma • Academia	• Pharma • Cosmetics • F&B • Electrical industry • Chemical industry	• Automotive • Electrical industry • Aerospace rein • Building material • Testlabs	• Automotive • Electrical industry	• All types of labs • In every industry
