

RECOMMENDED CLEANROOM GOWNING PROCEDURE

Before gowning, all jewellery and make-up should be removed.
Tacky Mats and Shoe Cleaner may also be used.

Note: These are gowning procedure examples. Each customer and facility may have a different gowning procedure. Ask questions to determine the gowning procedure at each facility.

Suggested Nonsterile Cleanroom Gowning Procedure

Step 1: Pre-Entry

A. Bouffant/Hair Net

Be sure to contain all hair.

B. Shoe Covers

Contain all laces and tassels.

Step 2: Gowning

A. Gowning Gloves

Recommended for Class 100 and better.

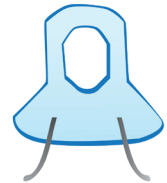

B. Mask

Worn under hood.

C. Hood

Ensure snug fit and proper face/neck seal.

Step 3: Gowning

Coverall

Step into the coverall. Be sure sleeves and upper garment do not touch bench or floor. Tuck in hood before zipping.

Step 4: Gowning

Boot Covers

Put on boots and pull boots (hightop shoe covers) over legs of coverall.

Step 5: Gowning

Goggles

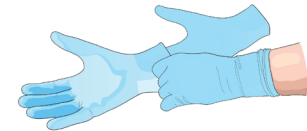

Wear goggles/safety glasses when eye protection or additional particulate control is desired.

Step 6: Gowning

Second set of Gloves (optional)

Place hem of glove over cuff of sleeve.

Suggested Sterile Cleanroom Gowning Procedure

Step 1: Pre-Entry

A. Bouffant/Hair Net

Be sure to contain all hair.

B. Shoe Covers

Contain all laces and tassels.

Step 2: Gowning

A. Wash hands using bactericidal soap and dry thoroughly.

B. First Sterile Gloves

Only touch inside of glove.

C. Sanitise gloves after donning each article.

Step 3: Gowning

A. Mask

Worn under hood.

B. Hood

Ensure proper neck seal.

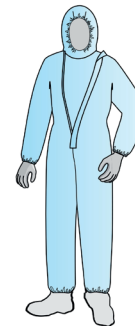

Step 4: Gowning

Coverall

Carefully remove coverall from package by holding inside neck area or seam, unfold garment while preventing it from touching you, the floor, your clothes or bench.

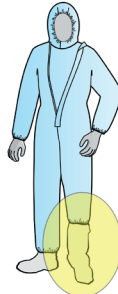

When inserting leg, ensure donning snaps (if used) release and foot clears elastic ankle prior to transferring.

Step 5: Gowning

A. Boot Covers

Put on boots and pull boots (high-top shoe covers) over legs of coverall. The first boot donned can now be placed in the "clean" side of gowning area.

B. Don second boot and place other foot in the "clean" side of the gowning area.

Step 6: Gowning

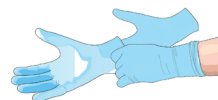

A. Goggles

Adjust for a snug facial fit.

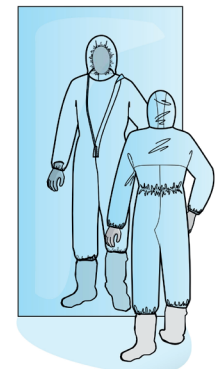

B. Second Sterile Gloves

Don touching only inside of gloves, placing over first pair making sure cuffs are secured over sleeves.

C. Perform an inspection in mirror before entering the sterile cleanroom.
